Yoga: Staff Testimonials

- "It was a great addition to my week!"
- "Big thank you to the Milford Foundation for offering yoga this past school year! We love Joe and the calming way he guides us through yoga. I have participated fairly regularly as did many and really enjoyed his class. Thank you for this wonderful opportunity."
- "Thank you so much for sponsoring Yoga with Joe. It was so nice to unwind midweek with coworkers. Joe did a fantastic job bringing a calm sense to our yoga practice. We appreciate your support! Thank you!"
- "I wanted to take an opportunity to share with you my personal benefits of being able to participate in the free yoga classes with Joe each Wednesday. I am a busy mom and my work week can get very stressful with my work life and home life. I have enjoyed taking 45 minutes on Wednesday for myself to destress and to work on making my body stronger. Joe has a way of making everyone that joins his class feel comfortable and welcome. He focuses on having positive thoughts, positive words and a positive heart. I have been trying to incorporate these words into more of my life. I would love to continue my Wednesday routine next year of taking yoga again with Joe. I hope you will consider funding this program for all Milford teachers and employees. Thank you!"

Ted Wiese (Hear Ted Talk!)

Milford High School students got the chance to experience leadership in action with Ted Wiese (Hear Ted Talk!)? From a high-energy game of Family Feud to fun challenges and plenty of positive team-building activities, students walked away inspired and ready to lead. A huge THANK YOU to Milford Schools Foundation for funding this incredible opportunity for our future leaders!

WEB: Where Everybody Belongs

WEB is a middle school orientation and transition program that welcomes 6th/7th graders and makes them feel comfortable throughout the first year of their middle school experience. Built on the belief that students can help students succeed, the program trains mentors from your 8th grade class to be WEB leaders. As positive role models, WEB Leaders are mentors and student leaders who guide the 6th/7th graders to discover what it takes to be successful during the transition to middle school and help facilitate 6th/7th grade success. WEB acts as an anti-bullying program by providing it with a cadre of student leaders who look for bullying behavior and help stop it. WEB gives older students permission to be aware of and report any negative behavior they see, creating a safer school for everybody. WEB is a yearlong transition program with four components that contribute to its success: Middle School Orientation, Academic Follow-Ups, Social Follow-Ups and Leader Initiated Contacts.
